Moya is more than your average safari destination. Rather than waving you off every morning and afternoon on a game drive, we like to immerse you in authentic African experiences including amazing township and village tours that allow you to become part of a real African landscape and connect with the spirit of Ubuntu and proper exploration of the greater Kruger National Park and its surrounds, delving into the history of our wonderful little home town, Hoedspruit arguably the worlds Big 5 Safari capital. A big part of what sets Moya apart is our willingness to involve you in the conversations around wildlife, poaching, conservation and community and the challenges facing all of these in the current climate. Our packages are tailored to offer you a glimpse of the bigger picture and the role you can play in it. Moya is a place where the soul soars, where you arrive as a stranger and leave as a beloved member of a vibrant, extended African family. We look forward to welcoming you....
